

ASSEMBLY BILL

No. 752

Introduced by Assembly Member Arambula

February 26, 2009

An act to amend Section 13476 of the Water Code, relating to water.

LEGISLATIVE COUNSEL'S DIGEST

AB 752, as introduced, Arambula. State Water Pollution Control Revolving Fund: severely disadvantaged communities.

Existing law establishes the State Water Pollution Control Revolving Fund Small Community Grant Fund in the State Treasury. Money in the fund may be expended for grants for projects that serve small communities, as defined, with priority given to projects that serve severely disadvantaged communities. Existing law defines "severely disadvantaged community" for purposes of the Safe Drinking Water, Water Quality And Supply, Flood Control, River And Coastal Protection Bond Act ff 2006 as a community with a median household income of less than 60% of the statewide average.

This bill would apply the same definition of severely disadvantaged communities contained in the bond act to the provisions governing expenditure of moneys in the State Water Pollution Control Revolving Fund Small Community Grant Fund.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.
